Dear Sir/ Madam,

Sub: Request for Question paper setting - Reg.

I am pleased to inform you that you are appointed as Paper Setter for the subject COMPUTER METHODS IN POWER SYSTEMS Code No A30216 of B.Tech VI Semester (R18). You are requested to frame two sets of question papers in the subject mentioned. If any diagrams appear in the question papers, they are to be neatly drawn and the dimensions to be indicated clearly. For analytical / numerical questions the data can be provided in full.

The question papers are to be within the syllabus of the subject. Each set is having PART-A and PART-B. All the TEN questions of PART- A are short answer type Questions and must be answered; each question weightage is TWO marks. The weightage of each Question in PART-B is TEN marks. Please frame the question appropriate to the marks specified. For TWO marks questions, do not give questions starting with words like EXPLAIN, DESCRIBE, DISCUSS and Big problems.

In PART-B, Question should be distributed as follows:

- 1- Difficult Question.
- 2- Moderate Questions.
- 2- Simple Questions.

Question paper should be protected with password.

You are eligible for remuneration for each set at the rate of
Question paper setting Rs. 1500/- per each

Two sets of Question papers (Set-1 & Set-2) along with remaining enclosed formats are to be filled in prescribed format given in enclosures and sent by E-mail to coeps@cmrcet.org. The password of question papers to be sent to coepwd@cmrcet.org. The rough sheets/worksheets used for preparation of question papers must be destroyed/burnout to maintain secrecy.
TDS will be deducted.

BOS meeting for Academic Year 2022-2023 was scheduled on 24/06/2023 at 10:30 AM at Board Room, A- Block. The meeting was attended by all the BOS members and the Faculty members of the mechanical engineering department. The Department Head, Dr. A. Rajasekhar initiated the meeting. The following agenda was discussed and the minutes of the meeting are given below.

Agenda:

1. Discuss and approve the modifications proposed in the scheme with minor changes in the 4 year scheme and courses.
2. Prepare syllabus for V & VI SEM BE-Mech. Engg., keeping in view the objectives of the college, interest of the stakeholders and national requirement for consideration and approval of the Academic Council.
3. Suggest panel names to the Academic Council for appointment of examiners for paper setting and evaluation for both theory and laboratory courses.
4. Discuss on preparation of question bank for all the courses.
5. Approval of Additional / Equivalent subjects to be offered to readmitted students from non autonomous to autonomous scheme.
6. Review the research, teaching, extension and other academic activities in the department/ college
7. Any other matter as approved by the Chairman

The minutes are recorded as follows:

1. The head of the department Dr. A. Rajasekhar initiated the meeting by welcoming the BOS members and Faculty members
2. The presentation was preceded by recapitulation of the curriculum structure discussed in the previous BOS meeting presenting the credit distribution structure and presenting the semester wise structure of courses being offered.
3. Chairman-BoS, has proposed the following minor changes made in the 4 year scheme. The proposed changes are:
 - To convert “Effective Technical communication lab-I” into theory with 2 credits in V Semester (Previously this was introduced as lab with zero credits in V semester).
 - To rename “Effective Technical Communication lab –II” as soft skills lab in VI semester and assign one credit (Previously this was introduced as lab with zero credits in VI semester).

METHODIST

COLLEGE OF ENGINEERING & TECHNOLOGY

- To reduce the credits of the course (in VII semester) "Operations Research" from 4 to 3.
- To reduce the credits from 2 to 1 for the course "Internship -I", as it is a two week program.

With the above modifications the total number of credits proposed for all the 4 years has become 161 (increased by one credit).

It is suggested that "Skill development Lab-2" can be offered as self learning course in which any two value added courses can be offered. Students can choose either of the courses and can submit the course completion certificate at the end of the semester. No lecture / practical hours will be allocated in the timetable for the same.

- Question bank:** The members are of the opinion that Question bank for all the courses can be made ready but they should be confidential to the faculty members for preparation of question papers only. They should not be shared with students.
- The board has approved the Additional / Equivalent subjects to be offered to readmitted students from non autonomous to autonomous scheme. The details are given below:

Equivalence subjects:

S. No	Courses already studied	Semester	Equivalent subject studied
1	Mathematics -III	III	Numerical Methods and Partial Differential Equations (III Sem)
2	Finance & Accounting	III	Managerial Economics and Financial Accountancy (V semester)
3	C Programming Lab	III	Programming for Problem Solving & Programming for Problem Solving Lab(IV Sem)

Additional Courses to be studied

S. No	Additional Courses to be studied	Semester	Branch
1	Human Values And Professional Ethics	V	Mech.
2	Strength of Materials	IV	Mech.
3	Solid Edge Certification Course	V	Mech.
