Sub: Invitation to give a seminar to B.E Civil Engineering Students. Regd.

Dear Sir,

Methodist College of Engineering and Technology is established in the year 2008, in a sprawling 3.5-acre campus in the heart of the city Abids, Hyderabad. We offer B.E, M.E and M.B.A Courses, and all are affiliated by Osmania University, Hyderabad. Our Institution is approved by AICTE, New Delhi and Accredited by NAAC with A+ Grade. Also, all our UG Engineering Programmes are Accredited with National Board of Accreditation (NBA). Our college is Autonomous college awarded by UGC, New Delhi for 10 Years From 2021-22 onwards.

Based on above mentioned subject, we are writing to invite you to give a seminar to our students on "A Guidance Program on Career Opportunities after B.Tech".

This would be a great opportunity for our students to learn more about A Guidance Program on Career Opportunities after B.Tech from an expert in the field. The seminar would be held on 22<sup>nd</sup> & 27<sup>th</sup> Oct 2022 at Forenoon Session in Department of Civil Engineering, Methodist College of Engineering and Technology, King Kati Road, Abids, Hyderabad. We would be grateful if you could give us a talk of around 60 minutes.

Thank you for your time and we look forward to hearing from you soon.

Sincerely,  
Dr. Bandita Sarkar  
HOD  
Department of Civil Engineering,  
MCET- Hyderabad.

# Title: Navigating Career Opportunities for Civil Engineers after B.Tech

## Introduction:

Congratulations on completing your B.Tech in Civil Engineering! As you embark on the journey of building a successful career, it's crucial to explore the diverse and exciting opportunities that await you in the field. This guidance program is designed to provide insights and direction on various career paths available to civil engineers post-B.Tech.

## 1. Core Engineering Roles:

- **Structural Engineer:** Design and analyze structures such as buildings and bridges.
- **Geotechnical Engineer:** Work with soil and rock mechanics, foundation design, and slope stability.
- **Transportation Engineer:** Focus on designing and improving transportation systems, including roads and railways.
- **Water Resources Engineer:** Specialize in water-related projects like dams, canals, and water supply systems.

## 2. Construction Management:

- **Project Manager:** Oversee construction projects from planning to completion, ensuring they stay on time and within budget.
- **Construction Estimator:** Evaluate project costs, prepare budgets, and estimate the materials and labor required.

## 3. Environmental Engineering:

- **Environmental Consultant:** Address environmental issues, such as pollution control, waste management, and sustainable practices.
- **Water Quality Engineer:** Monitor and improve water quality, addressing issues like pollution and contamination.

## 4. Urban Planning:

- **Urban Planner:** Contribute to the development and organization of cities, focusing on land use and infrastructure planning.
- **Transportation Planner:** Design and optimize transportation systems within urban environments.

## 5. Government and Public Sector:

- **Civil Engineer in Government:** Work for municipal, state, or federal agencies on public infrastructure projects.
- **Public Works Director:** Oversee public works departments, managing projects that benefit the community.

## 6. Research and Development:

- **Research Engineer:** Engage in cutting-edge research to advance the field of civil engineering.

- **Product Development Engineer:** Contribute to the creation of new materials or technologies for construction.

### 7. Specialized Roles:

- **Risk Analyst:** Evaluate potential risks in engineering projects and develop strategies for risk mitigation.

- **Forensic Engineer:** Investigate failures or accidents in structures and determine the causes.

### 8. Advanced Education:

- Pursue higher education such as a master's or Ph.D. for specialized roles, research, or academia.

### Conclusion:

As a civil engineer, the opportunities are vast and diverse. This guidance program aims to empower you with information to make informed decisions about your career path. Explore your interests, leverage your skills, and consider gaining practical experience through internships or entry-level positions to enhance your professional journey. Remember, the field of civil engineering offers a multitude of paths, and your unique skills and passion will shape a fulfilling and successful career. Good luck!

Seeking Permission for Conducting GATE/PSUs/ESE Success Workshop Seminar.

Respected Sir,

Greetings from ACE Engineering Academy, premier ACE KNOWLEDGE SERIES initiative!

We seek your kind permission to address the 2<sup>nd</sup>, 3<sup>rd</sup> and 4<sup>th</sup> Year students of your institution on "How to Crack ESE/GATE/PSUs in 1<sup>st</sup> Attempt" for ESE/ESE/CE & IT/MEDICAL/ChE.

**A QUICK SNAPSHOT OF ESE & GATE**

**Why ESE?**

Engineering Services Examination (ESE) is conducted every year by the Union Public Service Commission (UPSC) for recruitment to the Indian Engineering Services happens to be the most sought-after career for the engineering graduates in India.

- **Tough & Competitive:** ESE is considered as one of the toughest examination in India due to the difficulty related to the examination and the selection procedure. Also there are less number of posts and more number of aspirants. Based on 2018 statistics, a total of 2,75,000+ candidates applied for a total of 522 vacancies in all branches and cadres, having competition ratio of 1:570.
- **Social Status:** The candidates, who get selected for ESE, enjoy a very high respect and stature in the society. Candidates who are selected for ESE are appointed as Assistant Executive Engineer in various departments under central government for Group A and Group B posts.
- **Wide Options:** The various services in which recruitment is made through ESE include Indian Railways, Central Engineering, Central Water Engineering, Border Roads Engineering, Indian Defence Service of Engineers, Indian Ordnance Factory, Central Power Engineering, Indian Naval Armament Service, Central Electrical & Mechanical Engineering, Electronics & Telecommunication Engineering, Indian Telecommunication Service, Wireless Planning & Coordination Wing etc.

## Why GATE?

As you are well aware that GATE examination is a national level assessment setting the standard for engineering students who will be graded based on their technical proficieny.

- **HT/Etc:** GATE score open doors for students to pursue an M.Tech study in the renowned Institute such as the IITs or IISc.
- **PSU Jobs:** Additionally, scoring professional acquire an edge as their options for reputed PSU instead, on rendering the GATE score as the qualifying mark of entry for interviews.
- **Study Abroad:** GATE Rank helps students stay back in academics by opting for universities abroad in Singapore namely the NUS, NTU as well in Germany.
- **Other options:** NTA, PM - SPJL etc.

## About ACE Engineering Academy

With innumerable benefits of ESE & GATE, structured preparation becomes a pre-requisite and is thus provided by the reputed institute - ACE Engineering ACADEMY. The academy established by Prof/Dr Dipakrishna Murthy (M.Tech - IIT Warangal, MEd) strives to train ESE & GATE aspirants who are keen on building their career into a professional one. Having himself been selected for UPSC Engineering Services and being one of the toppers in Engineering Services of AP Public Service Commission (APSC) for as high as possible known in the student and academic fraternity gives the way for routes by conducting seminars on the significance of ESE & GATE examination with technical analysis in the current generation.

## CREDENTIALS

- **FOUNDER-LEADER:** 15+ Years of Dedicated Service
- **GATE:** 12 All India 1 Ranks
- **ESE:** 16 All India 1 Ranks & 24 Ranks in TOP 30 in ESE - 2008
- **Teaching Hours:** Maximum in Classroom Program amongst all institutes. Start from Basics
- **Test Series:** Rigorant and most sought after
- **Alumni Strength:** Nearly 20-40% of students in Masters program in IITs/NT are ACE Alumni
- **Faculty:** Best in Experience & Teaching Quality. 300+ Facs
- **Spread:** Present in 14 cities across the country - All Company owned and Company Operated centres.

Hence, we would earnestly request you to please grant us permission for conducting the session so that your students can participate and garner information on the most awaited professional examination for engineers called GATE.

Looking forward towards a positive response from your end and enter into a long standing, mutually beneficial academic association with your institution of repute.

WJ CDR K Vikram Kumar addressing the Students at NCET

WJ CDR K Vikram Kumar creating awareness about AIRFORCE recruitment process

The outcomes of an Air Force Induction Publicity Exhibition Vehicle are

1. **Recruitment and Awareness:** The exhibition vehicle provides an opportunity for the Air Force to showcase its mission, values, and career opportunities to college students. It helps raise awareness about the Air Force as a potential career path and highlights the benefits and opportunities it offers, such as education, training, leadership development, and specialized career tracks.
2. **Information and Guidance:** The exhibition vehicle serves as a source of information about the Air Force's various branches, roles, and entry requirements. It provides students with an understanding of the different career options available within the Air Force and the pathways to pursue those careers. Representatives from the Air Force can provide guidance and answer questions related to recruitment, training programs, scholarships, and other opportunities.
3. **Interactive Demonstrations:** The exhibition vehicle can feature interactive displays, simulations, or demonstrations that allow students to experience aspects of Air Force life, such as flight simulators, virtual reality experiences, or displays of advanced equipment and technologies used in the Air Force. These hands-on experiences can spark interest and enthusiasm among students.
4. **Networking and Mentoring:** The presence of Air Force personnel at the exhibition vehicle provides an opportunity for students to interact with service members. They can learn firsthand about the experiences, challenges, and rewards of a career in the Air Force. This networking can lead to mentorship opportunities, where students can gain guidance and advice from Air Force professionals.
5. **Collaboration and Partnership:** The Air Force Induction Publicity Exhibition Vehicle can also foster collaboration between the Air Force and the college. It can serve as a platform for establishing partnerships, such as research collaborations, internship programs, or educational initiatives. These collaborations can benefit both the college and the Air Force by promoting knowledge exchange and mutual support.
6. **Inspiration and Motivation:** The exhibition vehicle's presence can inspire students to consider pursuing careers in the Air Force or related fields. It showcases the professionalism, skills, and dedication of Air Force personnel, motivating students to set ambitious goals and work towards achieving them.

Overall, the Air Force Induction Publicity Exhibition Vehicle at a college can provide valuable information, inspiration, and networking opportunities to students, facilitating their understanding of the Air Force and its career paths. It can serve as a stepping stone for those interested in exploring opportunities in the Air Force or developing partnerships between the Air Force and the college community.

Dear Dr Prabhu G Benakop,

Thank you for trusting us to be your source of top-quality trainings for your students. Our success comes from the continuous faith in the excellence of our result-oriented training, something we are committed to. But most importantly it's a result of the confidence that our esteemed clients, like yourself, have in us and trust us with working on developing the employability skills of the students.

We appreciate your recent assignment to train 3rd year. These Trainings were focused towards building a strong base and preparing them for a wide range of companies.

A detailed report is appended for your reference which contains all details of the program.

Thank you once again for your continuous trust and support.

## About Talentio

Talentio was founded in Jan 2016 by a team of experienced professionals from the industry who have played key leadership roles in large organizations and have been associated with institutes of repute in various capacities.

Talentio is the fructification of the market need to have access to realistic, measurable, reliable, and industry oriented training programs that deliver results.

Several well-known partner colleges are enjoying the benefit of the virtuous cycle. With better placements, better admissions, better ranking students and a better brand name built on spectacular results, Talentio results!

### Talentio Results

Best Education Service provider in the industry (Placement only)

Associated with 100+ relevant courses across 8 states

Placed 8000+ students from 2022 onwards till date

Placement index of more or 8.10 for our college partners

Trained more than 10,000 students

Current pool of 8000+ direct students

1,00,000+ web visits or accepted enquiries

We unequivocally believe in the positive impact created by placement

oriented training programs that leverage our methodology, analytics and market insight as a means to improve students' performance and drive placement effectiveness.

We believe all colleges can do better provided there is a customized program for them based on the specific needs of the students and the evolving hiring

criteria of the industry.

## **Reinventing the Education Space:**

Talentio is focused on raising the bar on employability training by redefining the approach and goal post of learning deliverables. In a fragmented market dominated by traditional 'training vendors' and off the shelf operators, Talentio is placed in an incomparable quadrant defined by its output orientation and a model built on delivery of high placement numbers consistently, efficiently and effectively.

Our guiding principles are based on Impact, Value and Learner Centricity. We are your **Results Team** that brings together process, consistency, ownership, predictability, risk-management, technology and market insight among various other components to deliver exceptional results.

Talentio is transforming learning delivery and changing how company specific programs and CRTs are delivered. In the heart is smart analytics and prediction technology that drives high impact learning in classrooms. Continuous Student Diagnostics feeds into Talentio's highly effective Adaptive Curriculum on the lines of our philosophy of transforming learning delivery in colleges.

In our arduous journey for excellence, we continue to build memorable relationships with our learners, institutional management and diverse stakeholders with a national footprint.

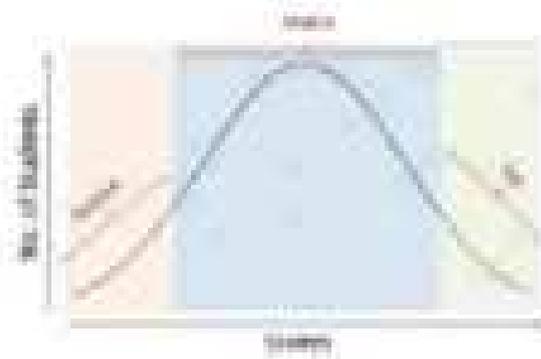

## **How we get results**

### **• Goal Oriented**

All our programs are outcome based. Our aim is results, not completion of hours.

- **Customized and Dynamic :**

Our CRT is customized taking into account the quality of intake, major hiring companies, placement strategy, segregation of students based on needs.

- **Measure Progress :**

Progress is measured at regular intervals. No program is conducted without measuring progress.

- **Identify Gaps :**

Needs are identified based on desired outcome and current status. Focused training strategy for students who are low on employability skills to improve overall placement results.

- **Practice :**

Practice makes a man perfect! We believe in this and that's why practice is an integral part of our programs.

- **Length of Training :**

Length of the program is designed based on the outcome and gaps.

- **Daily Training Hours**

Programs are conducted for 2-3 hours per day. We all know, anything more than that will not be effective.

## Program Insights

### Purpose of the Training Program

- To bridge the gap between corporate requirements and student's knowledge and skill sets. To guide and provide the right module of training that meets the industry needs and improve their employability skills.
- This training program helps them leverage their most marketable and transferable skills to new career paths and types of work.
- Our training would help students to focus on improving their problem-solving skills.

## Outcome of the Training

- Enhance and improve employable skills.
- The opportunity to enhance organizational skills.
- Improve Personal and professional effectiveness.
- Increased efficiency and leadership skills to improve team results.
- Improve logical and analytical thinking.

## Summary:

This course was done in their regular teaching semester . This course makes students ready for campus placement season. All trainers were very experienced & industry exposed.

The students were very co-operative and enthusiastic to learn. We would like to thank the Placement Department and the Management Team Methodist college of Engineering and Technology for giving us this opportunity.

Dear Dr Prabhu G Benakop,

Thank you for trusting us to be your source of top-quality trainings for your students. Our success comes from the continuous faith in the excellence of our result-oriented training, something we are committed to. But most importantly it's a result of the confidence that our esteemed clients, like yourself, have in us and trust us with working on developing the employability skills of the students.

We appreciate your recent assignment to train 4th year. These trainings were focused towards building a strong base and preparing them for a wide range of companies.

Thank you once again for your continuous trust and support.

Regards,

Ajaz Khan

Talentio is the fructification of the market need to have access to realistic, measurable, reliable, and industry oriented training programs that deliver results.

Several well-known partner colleges are enjoying the benefit of the virtuous cycle. With better placements, better admissions, better ranking students and a better brand name built on spectacular results, Talentio results!

We unequivocally believe in the positive impact created by placement.

oriented training programs that leverage our methodology, analytics and market insight as a means to improve students' performance and drive placement effectiveness.

We believe all colleges can do better provided there is a customized program for them based on the specific needs of the students and the evolving hiring criteria of the industry.

### **Reinventing the Education Space:**

Talentio is focused on raising the bar on employability training by redefining the approach and goal post of learning deliverables. In a fragmented market dominated by traditional 'training vendors' and off the shelf operators, Talentio is placed in an incomparable quadrant defined by its output orientation and a model built on delivery of high placement numbers consistently, efficiently and effectively.

Our guiding principles are based on Impact, Value and Learner Centricity. We are your **Results Team** that brings together process, consistency, ownership, predictability, risk-management, technology and market insight among various other components to deliver exceptional results.

Talentio is transforming learning delivery and changing how company specific programs and CRTs are delivered. In the heart is smart analytics and prediction technology that drives high impact learning in classrooms. Continuous Student Diagnostic feeds into Talentio's highly effective Adaptive Curriculum on the lines of our philosophy of transforming learning delivery in colleges.

In our arduous journey for excellence, we continue to build memorable relationships with our learners, institutional management and diverse stakeholders with a national footprint.

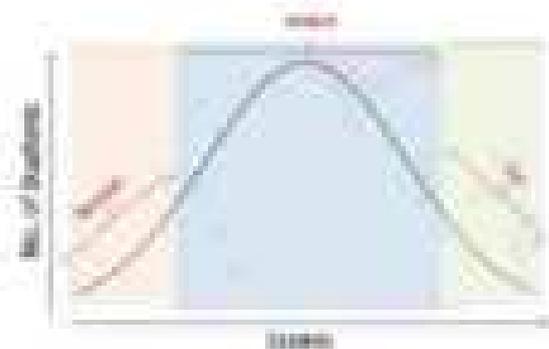

## How we get results

- **Goal Oriented**

All our programs are outcome based. Our aim is results, not completion of hours.

- **Customized and Dynamic**

Our CRT is customized taking into account the quality of intake, major hiring companies, placement strategy, segregation of students based on needs.

- **Measure Progress**

Progress is measured at regular intervals. No program is conducted without measuring progress.

- **Identify Gaps**

Needs are identified based on desired outcome and current status. Focused training strategy for students who are low on employability skills to improve overall placement results.

- Practice

Practice makes a man perfect! We believe in this and that's why practice is an integral part of our programs

- Length of Training

Length of the program is designed based on the outcome and gaps.

- Daily Training Hours

Programs are conducted for 6 hours per day. We all know anything more than that will not be effective.

## Program Insights

**Purpose of the Training Program :** To bridge the gap between corporate requirements and student's knowledge and skill sets. To guide and provide the right module of training that meets the industry needs and improve their employability skills.

- This training program helps them leverage their most marketable and transferable skills to new career paths and types of work.

- Our training would help students to focus on improving their problem-solving skills.

## Outcomes of the Training:

- Enhance and improve employable skills.
- The opportunity to enhance organizational skills.
- Improve Personal and professional effectiveness.
- Increased efficiency and leadership skills to improve team results.
- Improve logical and analytical thinking.

**Summary:**

This course was done in their regular teaching semester. This course makes students ready for campus placement season. All trainers were very experienced & industry exposed.

The students were very co-operative and enthusiastic to learn. We would like to thank Placement Department and the Management Team of Methodist college of Engineering and Technology for giving us this opportunity.

Sub: Invitation to give a seminar to B.E Civil Engineering Students, Regd.

Dear Sir, -

Methalla College of Engineering and Technology is established in the year 2008, in a sprawling 3.0-acre campus in the heart of the city Abids, Hyderabad. We offer B.E, M.E and M.T.A Courses, and all are affiliated by Osmania University, Hyderabad. Our Institution is approved by AICTE, New Delhi and Accredited by NAAC with A+ Grade. Also, all our UG Engineering Programmes are Accredited with National Board of Accreditation (NBA). Our college is Autonomous college conferred by UGC, New Delhi for 10 Years From 2021-22 onwards.

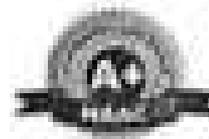

Based on above mentioned subject, we are writing to invite you to give a seminar to our students on "Industrial Skill Development for Civil Engineers".

This would be a great opportunity for our students to learn more about Industrial Skills Development for Civil Engineers from an expert in the field. The seminar would be held on 1<sup>st</sup> November 2022 at Afternoon Session in Department of Civil Engineering, Methalla College of Engineering and Technology, King Koti Road, Abids, Hyderabad. We would be grateful if you could give us a talk of around 40 minutes. Thank you for your time and we look forward to hearing from you soon.

Sincerely,   
Dr. Harshita Nair  
HOD  
Department of Civil Engineering,

Dear Dr. Ravil M. Yashwanth,

Greetings...!!

*Maven Silicon for the community provides a Certified Course of 1 Month Duration to bridge the Gap between industry & Academia...!*

Learn a VLSI Online Course for free. Learn at your own pace.

Join the Online VLSI SoC Design using Verilog HDL Course Starts on 20th Sep 2022. [Click here to Register Now..!](#)

### VLSI SoC Design using Verilog HDL Course:

The VLSI SoC Design Course using Verilog HDL is specially designed for Pre-final and final year Electronics / Electrical Engineering students to learn and strengthen the knowledge on this design process. This course explains VLSI Technology, SoC Architecture and Design process, coding for synthesis and simulation. It explains the context of hardware description language and basic concepts like data types and operators. Then it explains advanced concepts like assignments, procedural blocks, synthesis coding style and testbench coding.

### Why this course?

1. Prerequisite to VLSI Career
2. Certificate on Completion
3. Course delivered by Industry Experts
4. Hands-on Experience through Labs
5. Live Q&A Session

### Know the Instructor:

The entire course is original and delivered by CEO Mr. P. R. Sivakumar, a seasoned engineering professional with 20+ years of experience in Industry and Academia.

He has worked as a Verification Consultant for the top EDA companies Synopsys, Cadence and Mentor and helped

Having AEC and PGDA design licenses and use various verification technologies effectively, resulting in successful tape out of SOC and Chip.

His new specialization is offering Verification in and consulting services, EDA flow development and corporate training on advanced ASIC verification methodologies and technologies. He is the recipient of the "Outstanding Technical Achievement" award from Cadence Design Systems and has delivered various corporate training courses at Intel, Intel Capital, Freescale, Qualcomm, ST Micro, AMD, AvagoTech, Wipro, Samsung, etc.

Mode of Teaching: Distance LMS & Live Q&A on Microsoft Teams

Duration: 1 month

License Fee: Free

Batch Start Date: 28th Sep 2022

Eligibility: Bachelors in Industry if they are interested, 3rd and final year of Electronics and Electrical Department.

Certification: IEEE (Globally Recognized Program)

For more details on FREE hands-on course, Click here. Let me know if you would be interested to take this course.

We would be very glad to have all of the students from the Electronics and Electrical Department participate in the FREE Course and expose their interest in the VLSI Domain. Minimum number expected is 30. Also kindly share the link with the students for registration so that we can receive the list 3 days prior to batch start. <https://forms.gle/TKW9L5kz7v1Lrwe12ANCLj0C7T6xLmpAG7U4r>

 ryadavall@mchcet.ac.in

Dear Dr. Ravi M. Yadavalli,

Hope this email finds you well!

Once again we would like to thank you for providing the opportunity to your students to take up the Free VLSI SoC Design using Verilog HDL course for a duration of 30 days, i.e., from 18th Sep 2022 to 20th Oct 2022.

We are sure that the course was knowledge-rich, and we are glad to see that many students have actively participated and were able to complete the course.

However, we would like to hear from the students about their course experience and also we would like to know if any of the students are interested in making a career in VLSI. We would be happy to guide them to lead a successful career.

Looking forward to hearing from you. Attached is the Course Completion Report for your reference.

For any queries call us on +91- 9886914005.

Final

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy verification of the data.

In the second section, the author details the various methods used to collect and analyze the data. This includes both manual and automated processes. The goal is to ensure that the information gathered is both reliable and comprehensive.

The third part of the document focuses on the results of the analysis. It shows how the data was processed and what insights were gained. The author notes that the findings are consistent with previous studies, which adds to the credibility of the research.

Finally, the document concludes with a summary of the key findings and recommendations. It suggests that the current methods are effective but could be improved with further research. The author also provides contact information for anyone interested in the study.
