### SUMMARY REPORT

#### **Initiatives taken by the Institution for Students Career Counselling during the year 2023-24**

<b>S.No</b>	<b>Name of the activity</b>
1	Campus Recruitment Training by Talentio
2	Career guidance program for Mechanical Engineers in association with Future Gen Technologies
3	Career Counselling program for Mechanical Engineers in association with International Institute of Automata
4	Seminar on Entrepreneurship for Mechanical Engineers
5	CAD/CAM Job opportunities for Mechanical Engineers
6	Pursuing Higher studies abroad in their Dream Universities in collaboration with GECF for Computer Science branches
7	Career guidance & Counselling, placement assurance in collaboration with Teks Academy for CSE Branches
8	Career Counselling for study in Germany for ECE students
9	Career Opportunities using BIM software for Civil Engineers

Estd : 2008

## COLLEGE OF ENGINEERING & TECHNOLOGY

Approved by AICTE, New Delhi & Affiliated to Osmania University

Accredited by NBA & NAAC with A+ Grade

College Code: 1607

### CIRCULAR

Date: 14.07.23

All the students are hereby informed that department of mechanical engineering is organizing a one day workshop on HVAC/REVIT a future for mechanical engineers in construction industry by Future technologies on 22.07.23 Hope it will be a valuable opportunity for the students to attend the workshop and again knowledge on HVAC/REVIT. Hence there forth the all the students are instructed to attend and get benefitted for their future growth.

**ONE DAY WORKSHOP ON ( HVAC, REVIT) CAREER OPPORTUNITIES FOR MECHANICAL ENGINEERS IN THE CONSTRUCTION INDUSTRY**

11:55 am

Forwarded

Respected Sir,

Greetings from Future Gen Technologies!

Future Gen Technologies has always been on the principles of providing Quality engineering for the Engineering graduates, for the achievement and real time exposure of the students of their upcoming career goals.

Future Gen Technologies is an Outstanding institute in engineering training's, Consulting, Work Shops, Guest lectures, Placements & Personality Development, providing training's on job oriented professional courses for Building sector.

Our Strong Technical Team builds a bridge between the theoretical knowledge and the practical job work, provides programs for Civil Engineering, Mechanical Engineering and Electrical Engineering for technology learners, with REAL (LIVE) EXAMPLES.

The Aim of the Future Gen is to develop quality engineers in the building sector by providing the real time practical knowledge. Many of our students have been successfully placed with reputed companies in India & other countries.

With reference to providing the Technical WORKSHOP on HVAC REVIT and career opportunities for ENGINEERS in the industry at the College.

The Charges are  
RS.200/- ONLY ( TWO HUNDRED ONLY. PER STUDENT PER DAY ) . It includes persons honorarium, certificates, transaction fee etc. Hospitality & travelling should be taken care by the college.

Minimum number of students should be more than 80- EIGHTY. Please find attached the Detailed TECHNICAL WORKSHOP BROCHURE of REVIT and SPEAKERS PROFILE for your kind perusal.

GO Through Some of our appreciated workshops and Lectures in Below Link

<https://www.futuregentechologies.com/portfolio.php>

TIME: 10.A.M. TO 4.P.M.

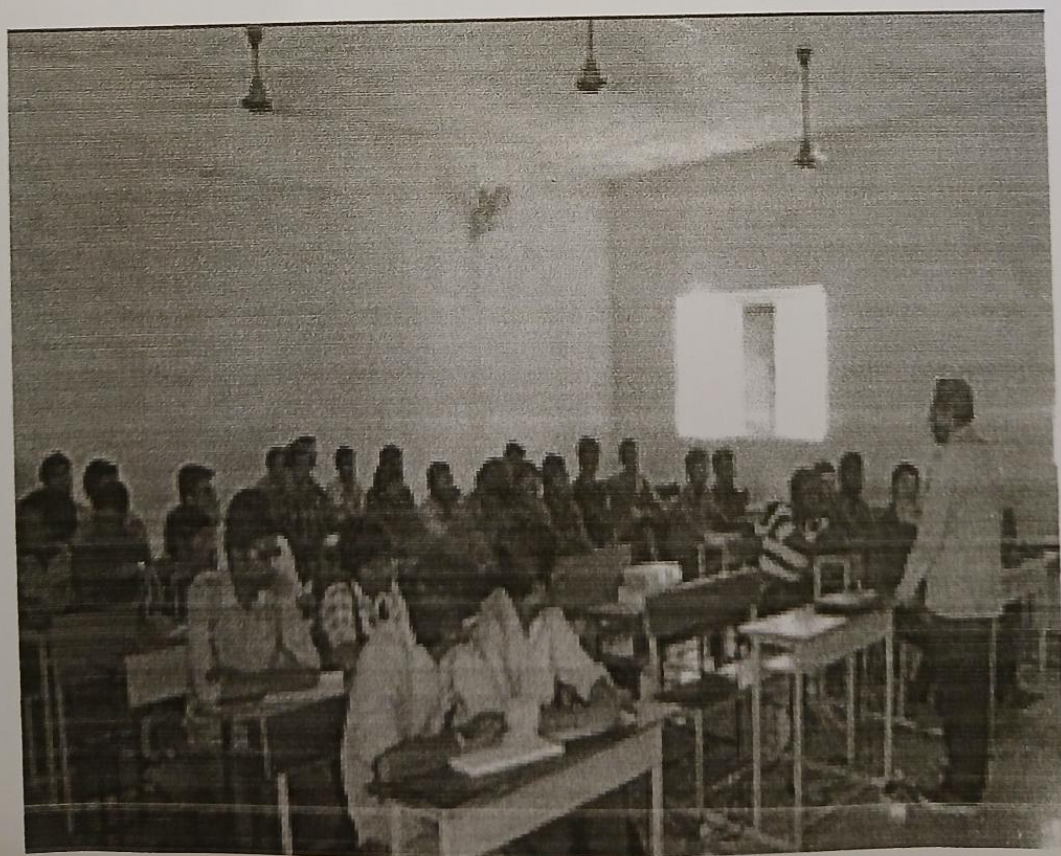

DATE:-

TARGETED STUDENTS: Students from Mechanical Engineering Department.

LECTURE REQUIREMENTS: Seminar hall with projector & Sound system

Please revert me back if it is possible for you.

### Report for Workshop on HVAC/REVIT

**Event Title:**

Seminar on HVAC/REVIT

**Dates:**

July 22 2023 (1 Day)

**Venue:**

C Block, 2<sup>nd</sup> Floor, Room no. 205

**Resource Persons:**

Mr. K kizer Quami

**Number of Participants:**

35 Students

**Event Coordinator:**

Dr M Udaya Kumar, Department of Mechanical Engineering

Welcome address was given by Dr P Prabhuraj, Associate Professor/ Mechanical.

Chief Guest introduction was given by Ms. Shazia Anwar Assistant Professor/ Mechanical.

Vote of Thanks was given by Dr M Udaya Kumar, Associate Professor/Mechanical.

The seminar commenced with a welcome address delivered by Dr. P. Prabhuraj, Associate Professor, Department of Mechanical Engineering, who emphasized the growing significance of HVAC systems and the REVIT tool in modern engineering practices. Following this, Ms. Shazia Anwar, Assistant Professor, Department of Mechanical Engineering, introduced the chief guest, Mr. K. Kizer Quami, highlighting his expertise in HVAC systems and BIM software like REVIT.

The seminar focused on equipping students with modern tool usage (PO5) by demonstrating the application of REVIT in HVAC system design. Participants explored how contextual knowledge can be applied to address societal, health, safety, and cultural issues in engineering practices (PO6). The discussions also stressed the importance of sustainability (PO7), with insights into how HVAC solutions can impact the environment positively when designed with sustainable practices. Additionally, the seminar encouraged students to embrace lifelong learning (PO12), preparing them to adapt to technological advancements and evolving industry demands.

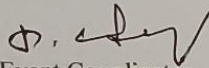

Student projects showcased during the seminar highlighted practical applications of these program outcomes (POs). The projects demonstrated the integration of IT tools with innovative problem-solving techniques, focusing on sustainable and socially responsible engineering practices.

The seminar concluded with a vote of thanks delivered by Dr. M. Udaya Kumar, Associate Professor, Department of Mechanical Engineering. Dr. Kumar expressed his gratitude to the resource person, participants, and the organizing team for their efforts in making the event a success.

The seminar on HVAC/REVIT provided participants with valuable insights into modern engineering tools and sustainable practices. It emphasized the importance of combining technical expertise with societal and environmental considerations, inspiring students to pursue innovation and lifelong learning in their professional careers.

**Report for Seminar on Automation Techniques.**

**Event Title:**

Seminar on automation techniques.

**Dates:**

November 8 2023 (1 Day)

**Venue:**

CAD Lab, C Block, 2<sup>nd</sup> Floor

**Resource Persons:**

Mr Rizwan.

**Number of Participants:**

45 Students

**Event Coordinator:**

Ms Shazia Anwar, Department of Mechanical Engineering

Welcome address was given by Dr.P.Prabhuraj , Associate Professor/ Mechanical.

Chief Guest introduction was given by Ms. Shazia Anwar Assistant Professor, Mechanical.

Vote of Thanks was given by Dr M Udaya Kumar, Associate Professor/Mechanical.

The event commenced with a welcome address delivered by Dr. P. Prabhuraj, Associate Professor, and Department of Mechanical Engineering. Dr. Prabhuraj extended a warm welcome to all participants and emphasized the significance of automation techniques in the modern engineering landscape.

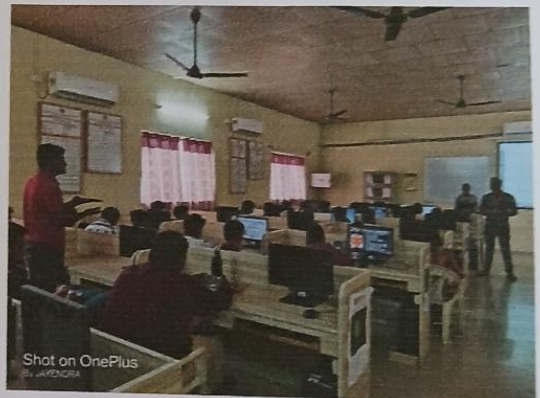

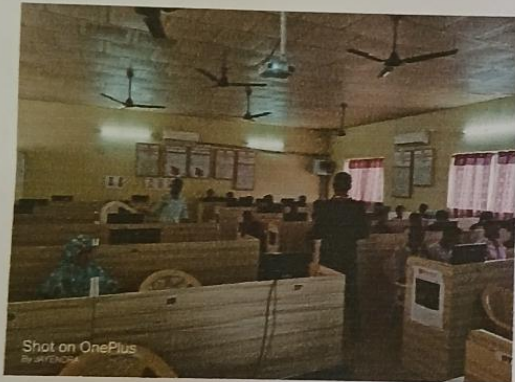

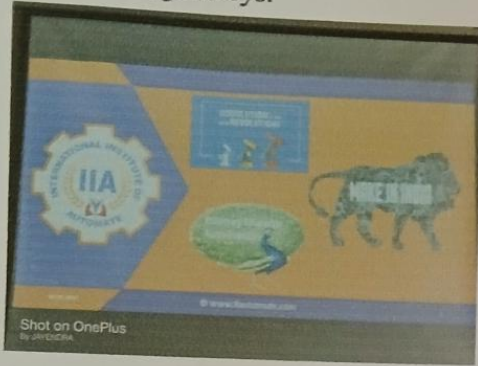

Ms. Shazia Anwar, Assistant Professor, Department of Mechanical Engineering, introduced the chief guest and resource person, Mr. Rizwan. She highlighted his extensive expertise in automation and its applications in mechanical engineering.

The seminar covered key aspects of automation techniques with an emphasis on practical applications and modern tools in mechanical engineering. Topics included the application of engineering knowledge (PO1) to solve complex problems, problem analysis (PO2) using scientific methods, and the design and development of solutions (PO3) that address health, safety, societal, and environmental considerations. Participants also explored the utilization of modern engineering tools (PO5) essential for automation practices, assessed societal, legal, and cultural responsibilities in professional practice (PO6), and discussed project management and financial principles (PO11). Finally, the seminar highlighted the importance of continuous learning (PO12) in the face of technological advancements. Students presented innovative projects related to automation, showcasing their understanding and application of the Program Outcomes (POs). These projects demonstrated the integration of theoretical knowledge with practical problem-solving skills.

The seminar concluded with a vote of thanks delivered by Dr. M. Udaya Kumar, Associate Professor, Department of Mechanical Engineering. Dr. Kumar expressed gratitude to the resource person, participants, and the organizing team for making the event a success.

The seminar was highly informative, providing participants with valuable insights into automation techniques and their practical implications in mechanical engineering. The event also encouraged collaborative learning and inspired students to pursue innovation and lifelong learning in their professional journeys.

### Report for Seminar on Entrepreneurship

**Event Title:**

Seminar on entrepreneurship

**Dates:**

October 13 2023 (1 Day)

**Venue:**

C Block, 2<sup>nd</sup> Floor, Room no. 205

**Resource Persons:**

Dr C Bhaskar, Entrepreneur

**Number of Participants:**

40 Students

**Event Coordinator:**

Dr P Prabhuraj, Department of Mechanical Engineering

Welcome address was given by Dr P Prabhuraj, Associate Professor/ Mechanical.

Chief Guest introduction was given by Ms. Shazia Anwar Assistant Professor/ Mechanical.

Vote of Thanks was given by Dr M Udaya Kumar, Associate Professor/Mechanical.

The seminar began with a warm welcome address delivered by Dr. P. Prabhuraj, Associate Professor, Department of Mechanical Engineering. Dr. Prabhuraj highlighted the importance of entrepreneurship in today's dynamic world and set the tone for the session.

Ms. Shazia Anwar, Assistant Professor, Department of Mechanical Engineering, introduced the chief guest, Dr. C. Bhaskar. She provided insights into his entrepreneurial journey and his significant contributions to the field.

The seminar covered various aspects of entrepreneurship with a focus on fostering innovative thinking and ethical practices among students. Topics discussed included the design and development of solutions (PO3) to address complex engineering problems, considering health, safety, societal, and environmental factors. Participants explored the role of engineers in society (PO6), emphasizing their responsibility to address societal, legal, and cultural issues. Ethical principles (PO8) were also a key theme, as the seminar stressed the importance of professional integrity in entrepreneurship.

Students also gained insights into project management and financial aspects (PO11), learning how to apply management principles in multidisciplinary environments. The session concluded with discussions on the importance of lifelong learning (PO12), encouraging participants to continuously adapt to technological advancements and remain innovative throughout their careers.

Student projects showcased during the seminar demonstrated the practical application of these program outcomes (POs). These projects highlighted creative problem-solving, ethical practices, and efficient management strategies in real-world scenarios.

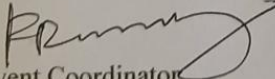

The event concluded with a vote of thanks delivered by Dr. M. Udaya Kumar, Associate Professor, Department of Mechanical Engineering. Dr. Kumar expressed gratitude to the resource person, participants, and organizers for their contributions to the seminar's success.

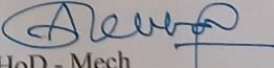

The seminar on entrepreneurship provided an enriching experience for participants, offering practical knowledge and inspiration to pursue innovative and ethical entrepreneurial ventures. It underscored the importance of continuous learning, societal impact, and professional responsibility in shaping future leaders in engineering and beyond.

### Report for Seminar on CAD-CAM&CAE job opportunities

**Event Title:**

Seminar on CAD-CAM&CAE job opportunities

**Dates:**

September 14 2023 (1 Day)

**Venue:**

CAD Lab, C Block, 2<sup>nd</sup> Floor

**Resource Persons:**

Mr Bharath Chief Specialist Satyam Ventures.

**Number of Participants:**

40 Students

**Event Coordinator:**

Ms Shazia Anwar, Department of Mechanical Engineering

Welcome address was given by Dr.P.Ravi Chander, Associate Professor/ Mechanical.

Chief Guest introduction was given by Ms. Shazia Anwar Assistant Professor, Mechanical.

Vote of Thanks was given by Dr M Udaya Kumar, Associate Professor/Mechanical.

The Department of Mechanical Engineering conducted a one-day Seminar on CAD-CAM & CAE Job Opportunities on September 14, 2023, at the CAD Lab, C Block, 2nd Floor. The seminar aimed to provide students with insights into the career prospects in CAD (Computer-Aided Design), CAM (Computer-Aided Manufacturing), and CAE (Computer-Aided Engineering), equipping them with the knowledge necessary to excel in these fields. The event was attended by 40 students and coordinated by Ms. Shazia Anwar, Assistant Professor, Department of Mechanical Engineering.

The seminar commenced with a welcome address by Dr. P. Ravi Chander, Associate Professor, who highlighted the importance of modern engineering tools and their role in enhancing employability. Following this, Ms. Shazia Anwar introduced the resource person, Mr. Bharath, Chief Specialist at Satyam Ventures. She detailed his extensive experience and expertise in CAD-CAM and CAE, setting the stage for an engaging session.

Mr. Bharath delivered an insightful presentation on the practical applications of CAD-CAM and CAE technologies in various industries. He elaborated on their significance in designing, manufacturing, and engineering analysis, emphasizing how these tools enable engineers to solve complex problems efficiently. The session also covered emerging trends, including advancements in automation and the increasing demand for skilled professionals in these domains. Demonstrations of modern engineering tools provided participants with hands-on exposure to cutting-edge technology.

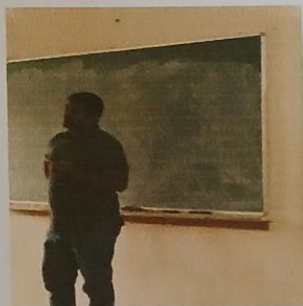

The seminar included discussions on student-led projects that incorporated CAD-CAM and CAE methodologies. These projects were aligned with key Program Outcomes (POs), including:

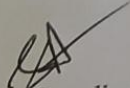

1. PO2: Problem Analysis - Students showcased their ability to identify, formulate, and analyze mechanical engineering challenges.
2. PO3: Design/Development of Solutions - Participants developed innovative solutions and designed system components with considerations for public health, safety, and environmental impact.
3. PO5: Modern Tool Usage - The use of advanced engineering tools and IT-based techniques was demonstrated effectively.
4. PO11: Project Management & Finance - Students exhibited their understanding of management principles and financial aspects in multidisciplinary environments.
5. PO12: Life-Long Learning - The seminar emphasized the importance of continual learning to adapt to technological advancements.

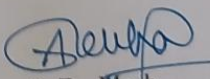

The event concluded with a Vote of Thanks by Dr. M. Udaya Kumar, Associate Professor, who acknowledged the efforts of the resource person, participants, and the organizing team. He also commended the students for their active participation and innovative project ideas.

Overall, the seminar on CAD-CAM & CAE Job Opportunities provided an excellent platform for students to explore career prospects in these cutting-edge fields. It bridged the gap between academic learning and industry expectations, fostering a culture of innovation and continuous development among the participants.

Dear Shruthi Mam

Greetings from GECF!!!

It was pleasure talking to you this morning, please read below the Services and the benefits by GECF to the students .

GECF would like to offer following benefits to 25 students ( passing out in 2023) from your college who is interested to do their master in USA , CANADA , UK , IRELAND , Singapore , France , Australia or New Zealand .

- IELTS training ( 40 Hours ) will be offered free of cost on campus or online .
- ELQ Exam ( IELTS / TOFEL etc ) will be offered as a scholarship, the same will be paid if they enrolled in a partner University and the same will be paid after they finish the first semester
- Processing fee will be waived off fully.
- SOP editing charges will be waived off.
- We will be charging rs.5000 refundable deposit , the same will be paid back once their Visa is cleared for partner University through us.

Also, please confirm the no of scholarships you would be requiring for your students for the academic year 2023& 2024 graduates.

Looking forward for a date to visit your college and address your students. Also, confirmation of the nos of Scholarships required.

**Thanks & Regards**

**Deekonda Bharath Kumar**  
Manager Institutional Counselor  
Education Matters

---

Currently designated at Education Matters as a Manager Institutional Counselor, I specialize in guiding aspiring students who are planning to pursue master's programs worldwide. With a focus on personalized counseling, I visit engineering colleges to mentor students on selecting and applying to esteemed universities globally. My dedication lies in empowering students to achieve their educational aspirations by navigating application processes and identifying the right academic fit.

I conduct classroom sessions and seminars at engineering colleges, providing detailed insights into international universities and suitable courses. I assist students throughout the entire process, step by step, which includes:

- **Profile Assessment:** Evaluating student profiles to understand their strengths and aspirations.
- **Country Recommendations:** Suggesting countries with the most opportunities based on the student's field of study.
- **Course Shortlisting:** Identifying courses that align with the student's career goals.
- **IELTS & GRE Training:** Preparing students for necessary standardized tests to achieve competitive scores.

Once students have attained good scores and have their certificates and transcripts ready, I assist them in applying to universities. After securing admission to their desired university, I conduct visa mock sessions to prepare them for the visa application process.

My comprehensive approach ensures that students are well-prepared and confident as they embark on their educational journeys abroad.

**Deekonda Bharath Kumar**  
**Manager Institutional Counselor**  
**Education Matters**

---

Currently designated at Education Matters as a Manager Institutional Counselor, I specialize in guiding aspiring students who are planning to pursue master's programs worldwide. With a focus on personalized counseling, I visit engineering colleges to mentor students on selecting and applying to esteemed universities globally. My dedication lies in empowering students to achieve their educational aspirations by navigating application processes and identifying the right academic fit.

I conduct classroom sessions and seminars at engineering colleges, providing detailed insights into international universities and suitable courses. I assist students throughout the entire process, step by step, which includes:

- **Profile Assessment:** Evaluating student profiles to understand their strengths and aspirations.
- **Country Recommendations:** Suggesting countries with the most opportunities based on the student's field of study.
- **Course Shortlisting:** Identifying courses that align with the student's career goals.
- **IELTS & GRE Training:** Preparing students for necessary standardized tests to achieve competitive scores.

Once students have attained good scores and have their certificates and transcripts ready, I assist them in applying to universities. After securing admission to their desired university, I conduct visa mock sessions to prepare them for the visa application process.

My comprehensive approach ensures that students are well-prepared and confident as they embark on their educational journeys abroad.

**\*Respected Sir,\***

Greetings from **\*Teks Academy I\***

**\*Teks Academy\*** has always been on the principles of providing Quality Education for the graduates, for the achievement and real time exposure of the students of their upcoming career goals.

**\*Teks Academy\*** is Outstanding in training's, Consulting, Work Shops, Guest lectures, Placements & Personality Development, providing training's and Placements on job oriented professional courses for Various sectors.

Our Strong Technical Team builds a bridge between the theoretical knowledge and the practical job work, provides programs for Graduates and for technology learners.

The Aim of the **\*Teks Academy\*** is to develop quality graduates in the various sectors by providing the real time practical knowledge. Many of our students have been successfully placed with reputed companies in India & other countries.

With reference to Conducting the **\*\*Free Online Test\*** For Selecting Two Topper Students For Providing **\*Free Courses\*** in Teks Academy and career opportunities in the industry.

**\*TIME- 20 MINUTES ONLINE TEST\***

**\*DATE:-28-03-2024\***

**\*TARGETED STUDENTS:-\*** Students from Engineering Departments.

LECTURE REQUIREMENTS: Seminar hall with projector & Sound system

Please revert me back if it is possible for you.

Looking forward for your positive reply & co-operation.

Thanks & Regards,

**\*\*C.Mohan Das\***

**\*Corporate Communications Manager\*\***

IMM is a Professional initiative to serve all the students who want to study in Germany, Europe, USA and other parts of the world for their Master studies. ITS MY MASTERS is established to enhance student's life and transform their career with a vision to make a difference in student's career. We are not Consultants, We are Educational Mentors.

We offer Seminars for the students to bring awareness to explore the opportunities in the abroad. Seminar mainly includes the information about which country suits for the student based on their passion, needs and financial condition. Seminar would be mostly in an interactive manner to bring awareness among the students.

**Seminar Speaker:** K. Ahamed Shareef, M.sc  
TU Dresden, Germany  
Founder of ITS MY MASTERS LLP.

More than 150 students were placed in German Public Universities for their masters with No tuition fees by ITS MY MASTERS LLP in last 2.5 years.

#### Information Included in the Seminar

1. Germany provides unique opportunity to Study at Free of cost.
2. Norway and Austria – Low tuition fees – Provides many opportunity to explore.
3. Compared to USA – Ireland and Netherlands consists of better opportunities – due to lack of awareness, people opt wrong country due to improper knowledge and awareness.
4. USA and Australia - Students should know how to choose a country based on the Specialisation, his needs and his financial condition.

Requesting the college authorities to provide the opportunity and necessary facilities to deliver the seminar in your esteemed organisation. Seminar would be recorded by ITS MY MASTERS Team, would be uploaded in the different social media Platforms. Would request the College officials to provide the Permission for uploading the videos in the social Media. Digital Feedback will be collected from the Students who attended the Seminar.

**With Regards,**  
K. Ahamed Shareef, M.sc  
TU Dresden, Germany  
Founder of ITS MY MASTERS LLP.  
**Office:** +91-7989166890

German  
Academy  
of Digital  
Education

**Access**  
your future.

[dadb.com](https://dadb.com)

# Access is key.

**Get ready  
for the  
trending  
job market.**

## **Access German engineering.**

We want you to excel, so we have dedicated ourselves to designing and creating multiple practical industry-orientated digital courses.

We work with German and international industry experts to ensure our courses are all at the very cutting edge of modern technologies.

Our courses enable you to:

- + Expand your knowledge
- + Be ready for the national and international jobs market in the core industry
- + Access the latest technologies
- + Learn more, learn better

## **Access the job market.**

Our higher education courses will be instrumental in equipping you with:

- + Expert industry-relevant knowledge
- + Critical thinking abilities
- + Specialised skills necessary to navigate your career path

Tailor your choice of courses to meet your interests. We ensure our courses are fit for purpose and reflect current practice, so you learn what is needed most for today's national and international market.

## **Access excellence.**

**German engineering is renowned for:**

- + Exceptional precision
- + Cutting-edge innovation
- + Uncompromising quality
- + Global excellence

By making this exceptional German excellence accessible online, we provide you with access to knowledge and skills unavailable to you otherwise.

## **Blockchain Certificate**

After completion of the course, you will receive your own digital blockchain-based certificate that is designed to support your job market promotional activity, which supports one-click social media sharing options as well as LinkedIn, website and email embedding.

## DEPARTMENT OF CIVIL ENGINEERING

A SEMINAR ON

# "Career Opportunities using BIM software for Civil Engineering

Venue: E-Block, MCET

## roduction

- **What is BIM?**
  - Definition: Building Information Modeling (BIM) as a digital representation of physical and functional characteristics of a facility.
  - Importance of BIM in modern civil engineering projects.
  - Examples of popular BIM software: Revit, Navisworks, Tekla Structures, ArchiCAD.
- **Relevance of Civil Engineering**
  - Overview of civil engineering fields where BIM is applied: structural, transportation, water resources, geotechnical, and construction engineering.

## 2. Overview of BIM in the Civil Engineering Industry

- **Applications of BIM:**
  - Design and visualization.
  - Cost estimation and project management.
  - Collaboration among stakeholders.
  - Sustainability analysis.
- **Industry Trends:**
  - Increasing adoption of BIM standards globally.
  - Role of BIM in green building initiatives and smart cities.

## 3. Career Opportunities Using BIM Software

- **Roles in BIM:**
  - BIM Specialist/Coordinator.
  - BIM Manager.
  - BIM Consultant.
  - Civil Engineer with BIM expertise.
- **Fields of Application:**
  - Infrastructure projects: roads, bridges, and railways.
  - Residential and commercial construction.
  - Smart city development.
- **Growth Potential:**
  - High demand for BIM professionals due to global mandates.
  - Opportunity for career progression with certifications and experience.

## 4. Required Skills and Training

- **Technical Skills:**
  - Proficiency in BIM software like Revit, AutoCAD Civil 3D, Tekla.
  - Knowledge of interoperability standards such as IFC.
- **Soft Skills:**
  - Team collaboration and communication.
  - Problem-solving and critical thinking.
- **Certifications:**
  - Autodesk Certified Professional in Revit.
  - Certified BIM Manager (offered by various institutions).

## 5. Case Studies and Success Stories

- Showcase examples of projects where BIM was pivotal to success.

- Highlight engineers who advanced their careers through BIM expertise.

## **6. Future of BIM in Civil Engineering**

- Emerging trends like AI integration, VR/AR for visualization, and Digital Twins.
- Predictions for industry growth and the evolving role of civil engineers with BIM skills.

## **7. Call to Action**

- Encourage attendees to explore BIM software and certifications.
- Share resources for self-learning: online courses, tutorials, and forums.
- Emphasize the career advantages of being BIM-proficient.

## **Closing**

- Recap of BIM's importance in civil engineering.
- Invite questions and further discussions.

Estd : 2008

## Department of Civil Engineering

### EVENT SUMMARY REPORT

**Event Type: Seminar**

**Name of Event: "Career Opportunities using BIM software for Civil Engineering."**

**Date of Event: 16/11/2023**

**Time of Event: 11:15 am -1:15pm**

**Location of Event: MCET E BLOCK**

**Number of Students Attended: 51**

**Speakers: BIM & Team**

### Summary

On 20<sup>th</sup> Nov 2023, B.E III & V SEM 2023 Students of Department of Civil Engg, MCET had attended Seminar "Career Opportunities using BIM software for Civil Engineering."

VDEC's expert explained BIM solutions, Use of New Technology trends, world class experienced BIM resource pool, makes the life of the AEC industry easy by enhancing coordination and collaboration among various stakeholders involved in a construction project.

- **Introduction to BIM - Overview**  
Before starting your upskilling journey, get acquainted with the need for BIM enablement in the AEC industry. Understand the transition from traditional lifecycle to BIM lifecycle
- **Basics of BIM Modelling**  
Learn the fundamentals of modelling in BIM environment and dive head-first into building your spine project from scratch. This module enables you to set up your BIM model, create and edit elements of your model, master families, build massing and much more.
- **Architecture**  
With fundamentals out of the way, it's time to study the architectural process of building project model - building site, topography, creating parametric components and doing design analysis.
- **Presentation and Documentation for Information Management**  
Practically apply your project and process-related learnings to a complex BIM model. Understand when to stop modelling and start detailing your model. Know how data is optimized and organized to in order to present it to other stakeholders.
- **3D Visualization (Architecture)**  
Explore the possibilities of virtual reality (VR) and real-time rendering for making impactful client presentations.
- **BIM Processes and Industry Workflows**  
Understand the workflows in a BIM Project along with the strategies and processes used globally. Learn how to efficiently collaborate, exchange and integrate data with various professionals on one central BIM model.

*Circle  
543  
Poster  
attendance*

- **Dynamo**

This elective is ideal for those interested in visual programming. Dynamo and Revit together can be utilized to model and analyze complex geometries, automate repetitive processes, minimize human error, and export data to Excel files and other file-types not typically supported by Revit.

- **Sustainability Tools**

Ideal for candidates interested in energy-efficient designs and conducting performance analysis for BIM models. Learn how Energy Modelling can allow you to carry out Site Analysis, Automated Energy Modelling and 3D Visualization for Daylight, Glare, Shadow, Radiation etc.

- **Primavera**

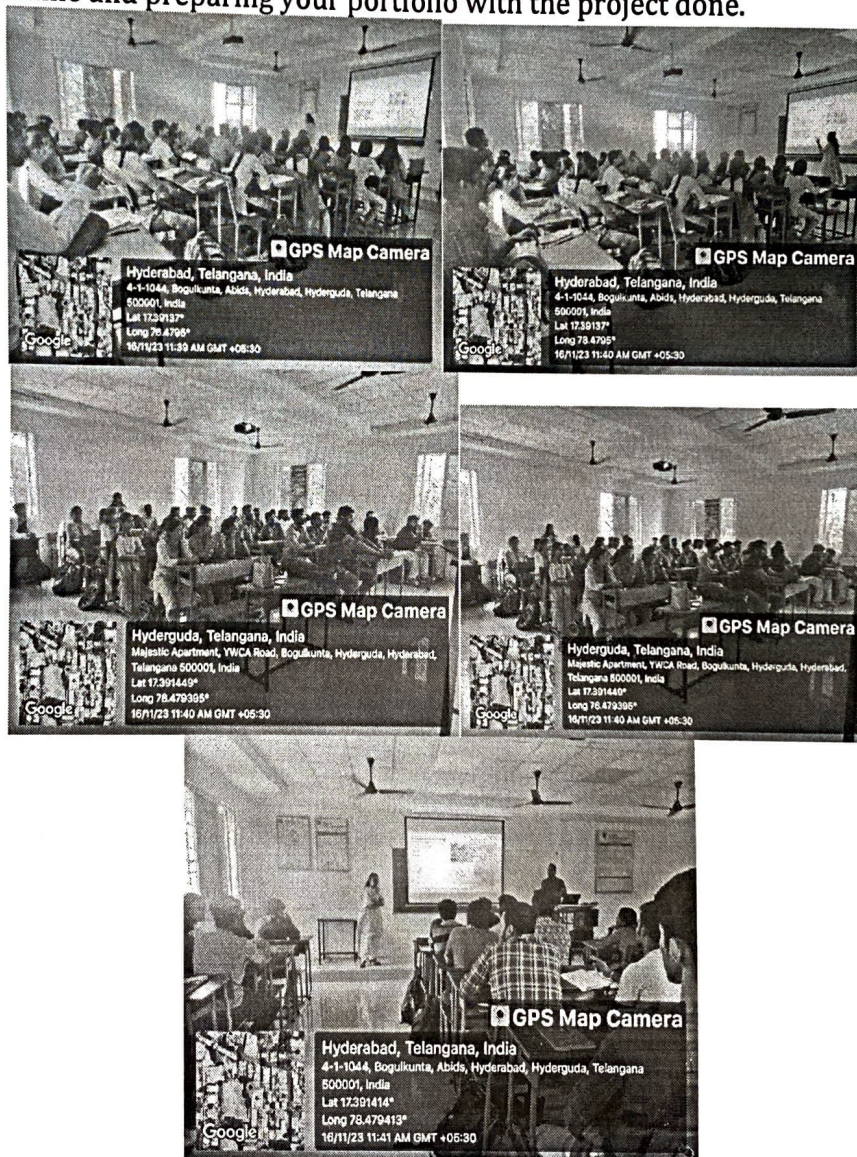

Learn how to plan, manage and execute your BIM project work using Primavera.

- **Career Paths in BIM and RIBA - Plan of work**

Go through all the stages of a BIM project and get a worldview of the career paths that exist within the industry. Learn everything you need to run a project in your BIM career.

- **Capstone Project**

Work on a live capstone project to apply everything you've learnt. This stage also focusses on building your resume and preparing your portfolio with the project done.

## Speaker Feedback Form

### Event Details:

Event Type: *Seminar*

Name of Event: *Career Opportunities*

Date of Event: *16/11/23*

Time of Event: *11:15 am - 1:15 pm*

Location of Event: *K Block*

Speakers: *BIM & team*

Sponsoring Organization(s):

### Feedback:

Kindly Rate the below (✓):

#### **1. Pre-Event Preparation:**

How satisfied were you with the communication and organization leading up to the event?

(Were all logistical details (travel arrangements, accommodations, etc.) adequately addressed?)

1\_\_\_\_ 2\_\_\_\_ 3\_\_\_\_ 4\_\_\_\_ 5 ✓

#### **2. Audience Engagement:**

- How would you rate the level of engagement from the audience during your presentation?

1\_\_\_\_ 2\_\_\_\_ 3\_\_\_\_ 4 ✓ 5\_\_\_\_

#### **3. Facilities and Equipment:**

- Were the facilities and equipment provided suitable for your presentation needs?

1\_\_\_\_ 2\_\_\_\_ 3\_\_\_\_ 4\_\_\_\_ 5 ✓

#### **4. Event Management:**

How would you rate the overall management of the event by the college staff?

1\_\_\_\_ 2\_\_\_\_ 3\_\_\_\_ 4✓\_\_\_\_ 5\_\_\_\_

Were there any areas where the event organization could be improved?

---

### 5. Audience Feedback:

Did you receive any feedback or questions from the audience that stood out to you?  
(Yes/ No)

How would you describe the overall response and interaction with the audience?

---

### 6. Collaboration and Communication:

- How satisfied were you with the collaboration and communication with the college organizers?

- Were your expectations met in terms of information and support provided?

### 7. Suggestions for Improvement:

Are there any specific areas where the college could improve for future speaker events?

---

### Overall Experience:

- How would you rate your overall experience as a speaker at our college event?

(On a scale of 1 to 5, with 1 being the lowest and 5 being the highest)

1\_\_\_\_ 2\_\_\_\_ 3\_\_\_\_ 4\_\_\_\_ 5✓\_\_\_\_
